

AppleCare Protection Plan: How to find your AppleCare registration number

http://support.apple.com/kb/HT1874?locale=zh_hk

Summary

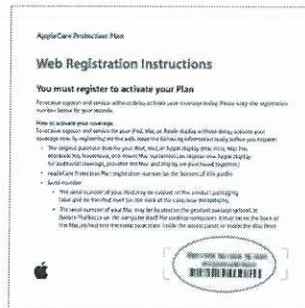

To register or enroll your Apple computer with a recently purchased AppleCare Protection Plan, you will need to reference your registration (also called an enrollment) number. To learn more about other types of AppleCare agreements, look here.

Products Affected

iPod, Portable Computers, Desktop Computers

Inside your AppleCare Protection Plan retail box you will find a Web Registration Instructions card or booklet that says "Activate your coverage today" or "Web Registration Instructions" at the top. Near these words is a bar code with your AppleCare Protection Plan enrollment number:

Once you have located your registration number, you can activate your AppleCare Protection Plan online.

Please go to <https://selfsolve.apple.com/Agreements.do>
