Dear Parents,

PTA Class Directory AY2017/18

We hope you have an enjoyable half term break.

Over the years, the PTA has endeavoured to assist with communication among the SIS Parents community by compiling the PTA Class Directory.

The PTA Class Directory was compiled based on the information submitted by parents who did NOT object to sharing their contact details with the other parents of the same level. Each class directory contained the names of students, their parents, contact numbers and email addresses. All parents received the directory for their level regardless of participation in the Directory. The PTA Class Directory was NOT the official student record for the school administrative purposes.

We thank you for your feedback and comments regarding the PTA Class Directory. In light of this and the wide use of WhatsApp and WeChat, the PTA will not be compiling the class directory this year. Instead, the role of the PTA Class Representative will be to act as the contact point for communication within their respective classes and the PTA.

PTA Class Representatives

We sincerely request that at least one parent from each class volunteers to be the Class Representative. Class representatives are important channels for information and representation, as well as contact points for class parents. Besides encouraging parental involvement in activities organized by the PTA, Class Representatives also help to provide feedback to the PTA for school improvement and the benefit of our students. The PTA will solicit the help of Class Reps twice a year - namely for recruiting parent volunteers for the PTA X'mas Fair in December and organizing their donations and class table at the Thank You Teachers' Dinner in June.

Please log in to SIS Connect (sisconnect.singapore.edu.hk) to register and submit your contact details if you would like to be one of the PTA Class Representatives of your child's class.
