Chartwells at Singapore International School (Hong Kong)

For more than a quarter of a century, Chartwells has focused on helping young people build strong bodies and sharp minds around the world. To Eat, Learn and Live. We don't just want children to eat our food ... we want them to LOVE it. Our nutritionists and chefs go to great lengths to create food that looks good, tells a story and is in tune with the latest trends.

Our meals are prepared and cooked every morning, on campus, and served hot and fresh to the students at Singapore International School (Hong Kong). We have a strict sourcing policy for our ingredients, with focus on food safety, to ensure that the food we serve is from a reliable and trustable source with traceability.

At Singapore International School (Hong Kong), Primary 1 – 5 students can enroll in our monthly pre-paid Meal enrolment system. Primary 6 and secondary students can make their choices daily from our serving counters in the school.

In this newsletter, you will find some basic information about our services with the school and some frequently asked questions parents and students usually have at the beginning of the school term. Thank you for choosing Chartwells. We look forward to serving you in the new school term.
