Principal’s Opening Remarks

Presentation of Awards

Year Head’s Closing Remarks

School Song

End of Ceremony

## Principal's Message

COVID-19 pandemic has created a new normal for all of us. Everyone is trying to anticipate, adapt and adjust to the uncertainties and volatilities. Everyone is also working towards and hoping for some forms of consistency in our lives.

Patience, consistency and resilience are two attributes and one school value that I think will help us navigate this new normal better.

As we celebrate today, we want to affirm your **patience** and **resilience** in adapting to

- Home-based Learning from February to May 2020,
- Home-based Mock Examinations, and
- the cancellation of the May/June 2020 IGCSE series.

Your **consistent** hard work over the two-year programme at Secondary 3 and 4, had enabled you to produce good results that were recognised by Cambridge Assessment International Education (CAIE). Your **patience** in waiting for CAIE to review and revise the global grades paid off as some of your grades were adjusted upwards.

I am happy to see that many of you have chosen to stay positive in facing these challenges by not giving up easily and trying your best to adapt to the changing circumstances. Finally, we are able to come together today to recognise and affirm your excellent performance and celebrate your success.

As you receive the award(s), please do not forget your parents, family, teachers and peers who were there for you as you completed your Secondary Education Programme in SISHK.

Remember our values as your compass to guide you in navigating the future. Remember the two attributes and one school value as you move on to your next educational journey.

Thank you for completing a milestone of your life journey in SISHK and we wish you all the best in your future endeavours.

Kelvin Tay  
Principal
