Principal's Message

COVID-19 pandemic has created a new normal for all of us. Everyone is trying to anticipate, adapt and adjust to the uncertainties and volatilities. Everyone is also working towards and hoping for some forms of consistency in our lives.

Patience, consistency and resilience are two attributes and one school value that I think will help us navigate this new normal better.

As we celebrate today, we want to affirm your patience and resilience in

- adapting to Home-based Learning from February to May 2020, and
- returning to School for class resumption and the End-of-Year Examinations (for those in our Secondary section in the last academic year), or
- returning to School to complete the Primary 6 curriculum (for those who are in Secondary 1 now).

Your **consistent hard work** has enabled you to produce excellent results in the last academic year. I am happy to see that many of you have chosen to stay positive in facing these challenges by **doing the right thing** and **giving of your best** to adapt to the changing circumstances. You have indeed lived our SISHK Spirit! Finally, we are able to come together today to recognise and affirm your excellent performance and celebrate your success. We also want to take this opportunity to congratulate our scholarship recipients and talent development awardees. We hope to see you leverage the opportunities the School will be giving you to realise your full potential and further contribute positively to the SISHK Family and the community in your areas of strength.

As you received the award(s), please do not forget your parents, family, teachers and peers who were there for you as you completed your learning in the last academic year.

Remember our values as your compass to guide you in navigating the future.

Remember the two attributes and one school value as you move on to your next educational journey in SISHK.

All the best for the new academic year. Success inspires success!

Kelvin Tay
Principal
